Students will have personalized _____ experiences tailored to their own needs. However, we must also be careful about cybersecurity, as relying on _____ systems can expose us to new risks.

ANSWER KEY

LISTENING

1. Audio Script

In the near future, the way we live and work will change significantly. One of the biggest changes will be the rise of smart cities. These cities will use advanced technology to manage resources and improve the daily lives of their citizens. For example, self-driving cars will become common, reducing traffic accidents and making transportation much safer. Furthermore, artificial intelligence will play a major role in education. Students will have personalized learning experiences tailored to their own needs. However, we must also be careful about cybersecurity, as relying on digital systems can expose us to new risks.
