The year was 2021, and I was an Exchange student in Prague and I had an amazing time studying there. **I was jogging in the park.** On my small backpack, there were bluetooth headphones that **had been given as a gift from my parents.** They were really important and precious. **I forgot my backpack's zipper was open** and I didn't realize it at the time, but I dropped them while jogging. A few kilometers later, when I looked for my bluetooth headphones to listen to music, I realized that my backpack's zipper was open and they were missing. Feeling terribly sad, **I looked around but couldn't find them.** Unfortunately, **I felt hopeless and helpless in finding them.** At that moment, a boy came running up and he asked "**Are these your bluetooth headphones?**". Indeed, they were. **My bluetooth headphones were in his hand.** I was over the moon to see them again. I thanked this big-hearted boy again and again. **It must have been my luckiest day.**
